

Hi Sue,

If you're just looking for the basic training, £100 for a 3 hour session.

Regards,

Herman

Hello Herman

Many thanks. The Council needs to consider and agree this at the next meeting. Can you give me some indication of costs please at this stage?

Kind regards.

Sue

Hello Sue,

Yes indeed we do!

It might be easiest if we had a quick chat on the phone but, in a nutshell, we can do a 2 - 3 hour session offering basic training in C.P.R and A.E.D. This can be a formal course if required but this is not really necessary and I find most organisations like yourselves, the more informal type training is more than adequate.

If you are free to give me a call on the phone sometime and I can go into the details a bit more. My mobile is: 07734 899446.

Regards,

Herman

**Subject:** FW: AED Defibrillator Training

Good Morning

Do you provide any training sessions for AED Defibrillator? So, any sessions about CPR resuscitation techniques, but also perhaps AED usage and procedures for finding and using one?

I know that AED's are very straightforward and tell the user what to do and not do. However, my Council is looking into organising some training for residents.

They think that some bystanders would be frightened to step forward and try to help the person having the 'attack'. The CPR element of the training would hopefully help keep someone alive until either an AED was brought to site, or emergency services arrived.

Many thanks in advance. I look forward to hearing back from you.

Kind regards.

Sue
